## Your Health & Safety

**Are always our top concern**

At The Center for Dental Excellence, we understand that for many of you venturing out has been full of difficult choices, questions, and in some cases, fear. While visiting the dentist might not be at the top of your wish list, please remember how important it is to be PRO-active rather than RE-active when it comes to your Dental Care!

In addition to the many connections between your oral health and overall health, researchers have found a connection between gum inflammation and a poor outcome for patients who contracted the virus that causes COVID-19. Plus, preventive dental care helps increase your immunity to ALL viruses, making it more important than ever. It's time to step up your homecare routine AND visit us as often as advised for your preventive cleanings.

CDE has always followed the strictest sterilization and safety protocols and now, those protocols are on steroids! When you visit, remember that we are letting patients into the building one at a time, so please text or call us at 708-798-1234 upon your arrival.

And another tidbit to help reassure you. As of this writing, the CDC has reported zero cases of COVID-19 contracted at a dental office – which again shows you that the dental office is one of the safest places you can visit.

Since we reopened on June 1, patients of all ages have expressed how safe they felt returning to our office. Here are some of their comments:

"I was nervous to come in because of COVID but the procedures and precautions they have put into place reassured me that coming in was the right choice. I felt comfortable the entire time I was in the office." – *Katie G.*

"CDE has done a lot to ensure patient health and safety. All dental staff are completely garbed in PPE. You never cross paths with another patient and the facility is cleaner than clean! I observed careful sanitation procedures and felt extremely comfortable." – *Rosalind M.*

"Clean, Safe & Efficient. The facility is always clean, and the communication is always clear. I appreciate the COVID-19 protocols that are in place to limit contact." – *Ebonee W.*

Schedule your Preventive Care Cleaning, or we'll send our Search Party out for you! Hygienists Darlyne, Stefanie, Mary, Sheree, Rachel and Suzanne want YOU to stay healthy!

THANK YOU FOR ALL YOUR REFERRALS. WE APPRECIATE THEM!

## Masks Aren't Forever

### Fix Your Smile Today

For some people, wearing a mask is about more than safety. It also brings a sense of security because they don't have to hide or feel self-conscious about their teeth.

CDE is here to help you achieve all you desire for the smile of your dreams. No matter what you wish to change about your smile, our team of specialists can help you find that smile you've always wanted.

Have you been relieved that wearing a mask is hiding your teeth? Call us today so when the masks come off, you'll be ready to show off your brand-new, confident smile!

## Amazon Gift Card

### For every referral!

For most of us, choosing a new dentist is a tough decision, and there is no better recommendation than one from an existing patient. Knowing exactly what to expect puts many people at ease – especially if they're nervous about dental appointments.

When you refer your friends and colleagues, we take it as one of the best compliments you can give us – and your referral can feel confident that they've found a dental home that will take great care of their family.

To say thank you for trusting us, for every patient you refer, you'll get a \$20 Amazon gift card!
