All Dental Specialists In One Excellent Location

Produced for the patients of The Center For Dental Excellence

from your CDE Family

Brush Off 2020!

As your CDE Family prepares to Brush Off 2020, we find hope in all the possibilities 2021 brings! Here's what some of our team members are looking forward to the most:

"Going to Ireland with my family, without masks, to visit my aunt, uncle and cousins. My uncle is aging and I really want to see him." – Mary, Hygienist

"Visiting my daughter in L.A., family in Arizona and friends throughout the U.S. While we need to stay home, I look forward to finally digitalizing my photo & video collection!" – Darlyne, Hygienist

"Getting back to 'normal' life, where I can spend time with family and friends without a mask on, hopefully in a tropical location!"

– Suzanne, Hygienist

"I'm excited to resume traveling (hopefully to Bermuda!) in 2021. In the meantime, I will enjoy catching up on home projects, snuggling my dog and watching new episodes of Great British Bake Off and The Crown!"

– Stefanie, Hygienist

"Traveling to visit my nieces and nephews and being able to give them lots of hugs and kisses!"

– Dr. B. Lynn Malone

"Putting COVID-19 behind us and advancing into 2021 with everyone feeling safe about moving around freely." – Dr. John Saniat

"Traveling and hugging my family again!" – Dr. Ellen Dace

"Being able to visit my mom who lives in Florida and my daughters who

work and go to school in California!"

– Dr. Cary Goldberg

"Family reunions, time with friends and traveling to some place new! Most of all, looking forward to going to a Lions football game and watching us win!" – Dr. Matthew Witkowski

AND, drumroll please . . .

"The birth of our first grandchild in 2021!" – Dr. Charles Greenebaum

The 10th and final Dream Big Walk in support of the Dawn Brancheau Foundation looked a bit different this year, but that didn't stop your CDE Family from participating in this socially distanced event. Long-time CDE Hygienist, Darlyne, and her family work passionately in her sister's memory to support the Foundation's mission: Dedicated to improving the lives of children and animals in need, inspiring others to follow their dreams, and promoting the importance of community service.

This adorable young patient did so well at her appointment with Pediatric Specialist, Dr. Erin and assistant, Heather, that she was happy to pose outside among our toothbrushes!

THANK YOU FOR ALL YOUR REFERRALS. WE APPRECIATE THEM!

While we're thankful no one was seriously injured in the accident that damaged our new sign, we hope their insurance hasn't expired! Our sign had to be "extracted" and we don't know when it will return.

Our entrance looks different without it, so we wanted you to be forewarned. Lots of people say our sign is how they found our office. While it's gone, may we count on YOU to spread the word about your wonderful CDE Family and the excellent care you receive here? We are still welcoming new patients to our practice and would love to take care of your friends and family.

Remember – for every new patient you refer who is 21 or older, YOU receive a \$20 Amazon Gift Card. Who couldn't use some of those at this time of year?

You'll Be Safe & Sound At CDE

Stefanie & Suzanne

As COVID cases rise, we wanted to assure everyone that the extensive precautions and safety protocols in place at our office are working perfectly! ZERO cases of the virus have been transmitted here. In fact, there are ZERO reports of transmission at any dental practice!

Remember, when it comes to your Oral Health, the best defense is a strong offense. Here's what one expert has to say, "Oral health is integral to overall health," states ADA President Chad P. Gehani, D.D.S. "Dentistry is essential health care because of its role in evaluating, diagnosing, preventing or treating oral diseases, which can affect systemic health." Don't put your dental health on the back burner! A healthy body needs a healthy mouth!

What Does Our One Stop Dental Shop Mean For YOU?

It means that no matter what your dental needs are, you can receive all of your care right here in this one excellent place!

- Do you want straighter teeth? See our Board Certified Orthodontist!
- Do you need your wisdom teeth removed or an implant placed? See our Oral Surgeon!
- Is it time for root canal therapy? See our Endodontist!
- Would your child be more comfortable with a Pediatric Specialist? See our Pedodontist!

Our Specialists are NOT General Dentists who also happen to dabble in other areas. They received years of education beyond the 4 years of dental school, focusing on their area of specialization. And now, they are here for YOU!

NO DENTAL INSURANCE?

Our In-house savings plan was created just for you! Ask us about it or go to Kleer.com and enter our office code for more information: **UC9E**.
