Hygienist Darlyne Appointed to Flossmoor's Green Commission!

We're so proud of Darlyne and want to share her most recent community service efforts with you! Darlyne learned of a vacancy on the village's Green Commission and applied to fill it. Following an interview with Mayor Braun and approval by the Village Trustees, she was selected as the committee's newest member! We asked Dar how she became interested in serving the village in this capacity and what she hopes to accomplish through her participation.

"In California, my daughter brings her food scraps to the Farmer's Market each week for local farmers to use for compost. My hope for a community compost, Farmer's Market and garden in Flossmoor and desire to participate in community service projects beyond those of the Dawn Brancheau Foundation led to my interest in being a part of the Green Commission."

Darlyne hopes her participation helps make it easier for residents to live a more environmentally-conscious lifestyle, improve Flossmoor's impact on the world, and create a greater sense of community through group service projects.

THANK YOU FOR ALL YOUR REFERRALS. WE APPRECIATE THEM!

CDE Initiates Recycling Program!

We're excited to announce that we are now the area's only drop-off location for Oral Care Product recycling! Did you know that an estimated one BILLION toothbrushes and 400 MILLION toothpaste tubes are thrown away every year in the U.S. alone? They take well over 400 years to decompose!

You can help us reduce this waste by dropping off your plastic toothbrushes, empty toothpaste tubes and dental floss containers, floss picks, and oral care

product packaging to our recycling box! You don't have to be a patient to utilize our recycling services, so tell your friends and family! Everyone who drops off their recycling will go home with an environmentally-friendly bamboo toothbrush!

The timing with Darlyne's appointment to Flossmoor's Green Commission couldn't be better. We plan to partner with the commission by participating in Recyclepalooza this October, so stay tuned!

▲ We bet lots of you will recognize retired and beloved Dental Assistant Patti under her mask. We sure do miss her, but Dr. Malone and Reina haven't convinced her to come back to work yet!
